Our e-magazine simply aims to promote and feature the **“BEST OF THE PHILIPPINES”**

Daigdig Pinoy was started by a Father-Daughter team whose sole purpose, was to bring good news and positive vibes to every Filipino. That amidst the negative and frustrating reports we normally hear everyday in the news or read in the papers... there are also a lot of the good stuff that has been happening around us. Something that we need to refocus on, thus, Daigdig Pinoy was born; an online magazine that focuses on the positive-side, great news and outstanding stories.

With a very tight budget, no connections or idea where to start; this small passionate team started their search for great people and stories across the country. Their perseverance paved a way to give ordinary people the platform and opportunity to showcase themselves and be seen.

Daigdig Pinoy also travels across the country, in search of the most unique dishes in the hopes of preserving the traditions and heritage behind it. We also focus on promoting the natural beauty of our resources with each travel and local destinations article that we write, hoping that we can encourage everyone to come and visit the Philippines and enjoy every minute of it.

What started out as a simple dream and passion of two ordinary people... became a wildfire that

slowly influenced the big media companies in print, tv and online; To see these giants pave a way and opening up segments in their platform for such good news and positive vibes is an accomplishment on its own. We might not have the resources and the influence that they have, but we have reached their hearts. Making us ever so determined and excited to go on and continue our advocacy in any way we can.
